HARMONY MONTHLY LANDSCAPE REPORT

Provided by Ashley Roberts, Project Manager, The Davey Tree Expert Company

BRANCH MANAGER COMMENTS - The positive comments shared regarding the Project Manager Ashley Robert last month has proven to be very appropriate. Working with Ashley on a daily basis via phone and weekly property visits, it is clear Ashley has taken control of property operations and is leading the team in the right direction.

She has shown the ability to communicate with the client and myself while effectively making the property and staff needs clear, so decisions are made immediately. She has also stepped up tremendously in evaluating crew performance and making staff decisions quickly. There were two changes this month and she has hired replacements. Only two employees remain from the previous staff and they have been given their last warning to conform to Davey Standard Operating Procedures. I would also like to say "Thank You" to Gabriel Rivera who agreed to move to the Harmony property from Celebration and is Ashley's second in command. He has done an excellent job and has been vital in making Ashley plans become reality.

Ashley has clearly proven to be the right choice to bring back the structure and performance we all want for Harmony including utilizing tools given to her. Especially, Bill from Signature Sod and Adam Jackson from our tree division for expert analysis of open items. Ashley shares her feedback with the Board in Project Manager Comments below.

<u>PROJECT MANAGER COMMENTS</u> – I am very appreciative of Rick Mansfield giving me this opportunity to manage Harmony, his daily support and the new equipment for the site. I am also finding building a professional relationship with Gerhard to be vital and the resulting trust being established is opening up improved avenues of communication vital to operating the property successfully.

 Turf Review – attached is the turf review. This review has been shared with Gerhard and Steve Berube by Mark Svozil (Senior Vice President) with Davey Tree in an email. Neither Rick or myself will comment on additional sod replacement given Mark is involved at this

- time other than we installed 8,000 sq. ft. of sod as outlined at last month's meeting at no charge to Harmony.
- Tree Review attached is my hand written notes given to Gerhard. An official review and proposal for tree pruning to clear lights will also when received from Adam. I will elaborate on this at the monthly meeting.
- Tree Trimming the tree trimming crew will be back on site to finish all trimming the week of February 20th. After this I will incorporate tree trimming into our routine, starting with training our staff now.
- Mulching all playground mulch is completed. All pine bark mulch is completed and reviewed by Gerhard today. He found a few areas he wanted improved, so these were completed immediately. Please approve payment for mulching. I was instructed to use the remaining black mulch around the pools instead of pine bark as originally instructed.
- Annual Flowers were installed, there has been some of the flowers pulled out of the ground by the deer and replaced given we had some of the flowers remaining on site.
- Warranty Review toured the property with Dr. Kassel to review warranty work as requested by Dr. Kassel. The swamp ferns should never have been planted in the areas selected. We have agreed to replace the swamp fern with a plant that can survive in this area. No final decision on plant material was made. We will look at the actual cost of the ferns and reserve this dollar amount when we are given the plant choice by Dr. Kassel. If Davey installs plant material we do not recommend for the area, we will plant them without a warranty. All other planting was done as far back as 2014 and given we cannot verify watering and/or maintenance I am not replacing these for free. If Harmony pays for the plant material I will consider installing them to meet you half way. Also, we replaced plant material around the flag poles in the square this month, transplanted 3 Holly trees and removed tree straps for free. In front of H2 houses the straps will be removed this month for free.
- Open Warranty items: there is approximately 100 Mondo Grasses damaged prior to my taking over by Round-UP and these will be replaced during the month.
- Enhancements to be Completed: 1.) at Dancer, move all existing ornamental grasses closer in a circle around the art work, add Crotons

- for color in open areas and add one additional flower bed 2.) install Azaleas to fill in areas by square, Catbrier and the Dog Park.
- Lawn Care liquid fertilizer was applied on all St. Augustine and Zoysia recently. To make a significant impact on the turf, the week of February 20th a liquid application of herbicide, pre-emergent herbicide and insecticide will be applied to all grass types. Followed the following week of February 27th a complete polyon fertilizer. This is the same application we are using in Celebration. We are waiting on a date from our contractor for what week he will do the shrub application in late March.

Thank you, Ashley!

Turf evaluation performed on 2/09/2017

Attended by Bill with Signature sod, Steve with Harrells Fertilize, Ashley and Roger with Davey, Gerhard with harmony

- 1.St Augustine turf areas on 5 oaks north on Gerhard office . turf under distress due to construction and utility work of new neighborhood ,and drought damage from last summer . Discussed in detail with Harmony representative that turf damage approx 10,000 sq ft should brought to cdd board for renovation and was informed by him that he personally agreed ask if he would make recommendation to board that turf should be renovated at no cost to Davey he informed us that he could not make such a recommendation .
- 2. Color and condition of turf in general. The color of turf through Harmony is a pale green not un common in these conditions weather has been in lows of 45 degree at night and the short days of sunlight, the ground temperatures are down especially in shade areas. Recommendation and actions to be taken polyon fertilization application scheduled for first week on March
- 3. Dog Park side walk to curb area approx 2200 sq ft turf damage by age of turf, stress from trees and roots at top of curb. My recommendation would be to make this area a shade tolerable landscape area.
- 4. St Augustine across from school and H1 H2. Turf is a dwarf variety and is in a very dormant stage which does not match with other turf in areas.per our conversation we were informed that developer installed it and Gerhart agreed it was not the quality of other turf in areas. Recommendation is fertilization in march and monitor condition in future.
- 5. Zoysia turf areas. Dormant and a few weeds present on schedule to have herbicide application in February.
- 6. Dollar weeds in St Augustine . A few areas of dollar weed present thru out property. Herbicide to be applied in February on all turf areas needed and retreated in march
- 7. Fire ants present on property. Granular application of Advion to be applied in February.
- 8. Area on Catbrier #3252 approx 1200 sq ft St Augustine weed over take turf due to insect damage last growing season that need renovation, other area of concern on catbrier due to utility work sod in poor condition needs to be repaired by contractor that did work in area

9. Irrigation, seems to be performing moisture good today rain fall last night don't know water schedule recommendation Ashley monitor turf condition and contact harmony if signs of drought appear

Over all condition of turf good , a few weed ares that need attention that are on schedule to be taken care of , fertilization on schedule to be performed in early March.

Thank You Bill Jones

* For delivery and guarantee information, see the UPS Service Guide. To speak to a customer service representative, call 1-800-PICK-UPS for domestic services and 1-800-782-7892 for international services.

Responsibility for Loss or Damage UPS's liability for loss or damage to each domestic package or international shipment is limited to \$100 without a declaration of value. Unless a greater value is recorded in the declared value field of the UPS shipping system used, the shipper agrees that the released value of each package covered by this receipt is no greater than \$100, which is a reasonable value under the circumstances surrounding the transportation. To increase UPS's limit of liability for loss or damage, a shipper may declare a higher value and pay an additional charge. See the UPS Tariff/Terms and Conditions of Service ("UPS Terms") at www.ups.com for UPS's liability limits, maximum declared values, and other terms of service. UPS does not accept for transportation and shippers are prohibited from shipping, packages with a value of more than \$50,000. The only exception to the \$50,000 per package limit is for a package eligible for the Enhanced Maximum Declared Value of \$70,000 per package, as set forth in the UPS Terms. A package is eligible only if it meets the following requirements. The package must be (i) a domestic shipment; (ii) tendered pursuant to shipper's Scheduled Pickup Service; (iii) a UPS Next Day Air(R) delivery service is the service level selected; (iv) processed for shipment using a UPS Shipping System (declarations of value on paper Source Documents are not eligible for Enhanced Maximum Declared Value); and (v) does not contain hazardous material or a Perishable Commodity. Claims not made within nine months after delivery of the package (sixty days for international shipments), or in the case of failure to make delivery, nine months after a reasonable time for delivery has elapsed (sixty days for international shipments), shall be deemed waived. The entry of a C.O.D. amount is not a declaration of value for carriage purposes. All checks or other negotiable instruments tendered in payment of C.O.D. will be accepted by UPS at shipper's risk. UPS shall not be liable for any special, incidental, or consequential damages. All shipments are subject to the terms and conditions contained in the UPS Terms, which can be found at www.ups.com.

* For delivery and guarantee information, see the UPS Service Guide. To speak to a customer service representative, call 1-800-PICK-UPS for domestic services and 1-800-782-7892 for international services.

Responsibility for Loss or Damage

UPS's liability for loss or damage to each domestic package or international shipment is limited to \$100 without a declaration of value. Unless a greater value is recorded in the declared value field of the UPS shipping system used, the shipper agrees that the released value of each package covered by this receipt is no greater than \$100, which is a reasonable value under the circumstances surrounding the transportation. To increase UPS's limit of liability for loss or damage, a shipper may declare a higher value and pay an additional charge. See the UPS Tariff/Terms and Conditions of Service ("UPS Terms") at www.ups.com for UPS's liability limits, maximum declared values, and other terms of service. UPS does not accept for transportation and shippers are prohibited from shipping, packages with a value of more than \$50,000. The only exception to the \$50,000 per package limit is for a package eligible for the Enhanced Maximum Declared Value of \$70,000 per package, as set forth in the UPS Terms. A package is eligible only if it meets the following requirements. The package must be (i) a domestic shipment; (ii) tendered pursuant to shipper's Scheduled Pickup Service; (iii) a UPS Next Day Air(R) delivery service is the service level selected; (iv) processed for shipment using a UPS Shipping System (declarations of value on paper Source Documents are not eligible for Enhanced Maximum Declared Value); and (v) does not contain hazardous material or a Perishable Commodity. Claims not made within nine months after delivery of the package (sixty days for international shipments), or in the case of failure to make delivery, nine months after a reasonable time for delivery has elapsed (sixty days for international shipments), shall be deemed waived. The entry of a C.O.D. amount is not a declaration of value for carriage purposes, All checks or other negotiable instruments tendered in payment of C.O.D. will be accepted by UPS at shipper's risk. UPS shall not be liable for any special, incidental, or consequential damages. All shipments are subject to the terms and conditions contained in the UPS Terms, which can be found at www.ups.com.
