

TERESA KRAMER

Candidate for Harmony CDD Board Seat Number 5

Hello Harmony, my name is Teresa Kramer and I want to serve Harmony as the Seat 5 Supervisor on the Harmony Community Development District (CDD) Board. Harmony is a special community, built on the principle of living with and in nature and I want to help keep it that way.

I am a wife, mother of two, grandmother of six, and retired attorney. My son, Justin, and his family have lived in Harmony for 10 years, and my husband, Kim, and I moved here to be closer to our two beautiful grandchildren. We love every minute we spend with them here: boating, fishing, hiking, exploring plants and animals, and getting to experience all that Harmony offers.

My interest in serving my community began not far from here in Brevard County, where I served as Water Resources Planner, Environmental Planner, then as Director of the Office of Natural Resources Management. During this time, I oversaw the protection of the County's natural environment, the Beach and Riverfront Acquisition Program, and development of the Storm Water Utility. In these roles I learned the importance of responsible stewardship of community resources. I learned that good policy and proper planning were key to protecting and maintaining these resources.

I continued my focus on service as a trial attorney and trained mediator, protecting abused children, and rising to Assistant General Counsel. My knowledge and skills in the law and mediation will enable me to work with both residents and developers.

I am running for the CDD board with a platform of preserving the original planning and design principles of Harmony, while providing residents with properly maintained infrastructure and protected natural resources.

I pledge to provide our community with ethical leadership and fiscal responsibility.

Please support my campaign by voting for me in November. Thank you.
