<b>TOTAL ACRES</b>		<b>1.0</b>	Total size (in acres) of all foliage maintenance areas		
<b>AVG. TREATED ACRES</b>			Average infested foliage treated area is roughly <b>20%</b>		

**Additional Notes:** This month I have been retreating old areas for new growth and also trying to push further back into areas that are further back in the woods. Also working around golf course south and the areas that run into the golf course east and west. These areas are hard to get in now as they are very wet low lying areas and are filling up with water so I am just getting as much as possible.

**LEGEND**

-  = Lygodium
-  = Grape vine

The CDD Boundary only includes a portion of this area.

A detailed map showing the exact limits of the CDD Boundary is being prepared.

All other maintenance areas shown on this map are within the CDD Boundary
