My written comments: I've attached pictures of some CDD property that needs attention. This is on the property connecting Five Oaks Drive with Billy's Trail. The area has washed out, and is getting deeper and muddier all the time. This makes it hard to use the trail, especially with a bike or golf cart. The CDD owns the adjacent wetland parcel, which includes a 25' buffer. We should probably have the District Engineer get involved to make a plan for properly rehabilitating this public property. Thanks!
